The purpose of the Chamber is to foster and enhance the economic growth, development, civic and general interest of Mulberry and the surrounding community.

MESSAGE FROM OUR PRESIDENT

Chelsea Young

First off, let me say how thrilled I am to be serving as president of the Greater Mulberry Chamber of Commerce. I have grown up in Polk County, but have only been associated with the Mulberry area for the past two and a half years. It was at that time that I took the job as director of the Mulberry Phosphate Museum. If you haven't been to the museum, I encourage you to go! I do this for obvious reasons, but also because there is so much to learn about how truly great and unique of a place Mulberry is.

Now, that used to be my sales pitch to get my museum attendance numbers up (I'm mildly competitive in that sense), but I can honestly say that every word of it is true. Mulberry is a truly great and unique place! I have only been here a short time, but from day one, I have been embraced with open arms and encouraged to succeed. I would like to think this because I am a special, but it is because the community of Mulberry is not only welcoming but sincere in its support of individuals, businesses, and organizations. With Mulberry, you get what everyone wants from "small town America": a sense of community, genuine connections that matter, and the knowledge that real people care about growth and improvement for local business.

As president, I want to encourage you and your business to take advantage of the offerings of the chamber. Promote your events with us in weekly emails, attend mixers and breakfasts to make connections, and be sure to let us know how we can improve your membership. I welcome all suggestions eagerly and would love to hear from you.

In my job, I get to explain Mulberry's history, the industries and people who shaped the community. As president of the chamber, I am lucky enough to promote and support the industries and people who are impacting Mulberry now and creating the Mulberry of tomorrow.

Lunch and Learn

J. Lenora Bresler

Over 20 individuals learned how to motivate their employees using methods shared by J. Lenora Bresler at the Mulberry Chambers' Lunch and Learn on March 22nd. Many leaders think employees are motivated primarily by financial gain, but research indicates

there are seven major motivators in the workplace -- and only one of them is money. The Mulberry Chamber would like to thank Mrs. Bresler for her time and expertise.
